Background information

According to the Law on the Protection and Preservation of Cultural Goods (OG 69/99, 151/03, 157/03, 87/09, 88/10 i 61/11), the monument annuity (fee, rent) has two bases: by location - performing activities in immovable cultural property or in the cultural-historical area; and according to the activity – the acquisition of income from activities determined by the Law. The rent is paid monthly during the year for all months in which the payer performs the activity in the amount of 0,05 % of total income. The companies in tourism sector recorded a significant drop of revenues due to the current crisis, so they demanded from the government to reduce the burden of taxes and various fees.
