Background Information

The Government decided on 2 April 2020 that for companies that have revenue of up to HRK 7.5 million (€ 1 million) and have a revenue drop of more than 50 %, taxes and contributions will be completely written off over the next three months. For companies that have revenue of more than HRK 7.5 million (€ 1 million) and have a revenue drop of more than 50 -100 %, taxes and social contributions will be proportionally written off over the next three months. Therefore, if a company has a revenue drop of 75%, it will pay 25 % of taxes and contributions over the next three months. The companies that generate more than HRK 7.5 million (€ 1 million), the 7% of big companies, will be exempt from their tax liabilities in proportion to the decrease in their revenue in April, May, and July. If their revenue has decreased by 20% to 50%, they are entitled to a deferral and interest-free payment in installments, those whose revenue has decreased by 50% to 100% will pay proportionately, and if their revenue has decreased by 75%, they will only pay 25% of their tax liabilities.
