| Category | Supporting businesses to stay afloat – Access to finance |
| Case created | 10 April 2020 (updated 21 April 2020) |

Background Information

Decree Law No. 18/2020 of 17 March 2020 introduces temporary exception with reference to the current operating rules of the Guarantee Fund for small and medium enterprises. This measure was undertaken in order to enhance the role of the Fund in supporting businesses affected by the effects of the Covid-19 pandemic (art. 49). The measure is taken by the government within a bundle of other measures to support businesses to stay afloat during the crisis.

Content of measure

Art. 49 of the Decree Law strengthens the intervention capacity of the Guarantee Fund for small and medium enterprises by introducing temporary exceptions from its current operating rules. In particular, the Decree Law provides that for a period of 9 months from its entry into force:

- the guarantee is granted free of charge;
- the maximum guaranteed amount per individual company is heightened to € 5 million;
- the coverage of the guarantee is 80% (90% in case of reinsurance) on all operations of financing with a maximum guaranteed amount of up to € 1.5 million.

To finance the above measures, the Fund's allocation has increased by €1.5 billion EUR.

The eligible companies are the ones classified as small and medium enterprises according to the EU legislation, provided that they don't have, at the date of publication of the Decree Law, non-performing exposures.

Use of measure

To finance the above measures, the Fund's allocation has increased by €1.5 billion EUR. With this additional allocation (in the case of 80% coverage of all transactions) the Fund could favor the granting of new loans for approximately €55 billion (amount that it would drop if the coverage percentages increased to 90%).

Actors, target groups and funding

| Actors | Target groups | Funding |
|---------------------|---------------|----------------|
| National government | SMEs | National funds |

Social partners

| | |
|-------------------------|----------------|
| Role of social partners | No involvement |
| Form of involvement | No involvement |

Social partners were not involved in the decision making process
