| Country | Austria, applies nationwide |
| Time period | Open ended, started on 06 March 2020 |
| Type | Legislation or other statutory regulation |
| Category | Supporting businesses to stay afloat – Access to finance |
| Case created | 31 March 2020 (updated 02 May 2020) |

Background information

As the tourism industry was among the first sectors to be affected by the closure of enterprises and travel restrictions, the Austrian government - following dialogue with the social partners - announced a support package on 4 March to help ensure the liquidity of small and medium sized enterprises operating in tourism as well as in related business activities (i.e. leisure activities or transport services related to tourism).

Next to this measure, also the other support measures (short-time work, 'Haertefallfonds', subsidy for fixed costs) are available to companies in the tourism industry.

Content of measure

Initially, bank guarantees amounting to €100 million were foreseen, but this was increased to around 1 billion euro on 22 March 2020. Also the costs for issuing the bank guarantees (1% administration fee and 0.8% recurring provision) will be covered by the state. The financial measures are administered by the specialised Austrian Bank for Tourism (OHT).

In addition, some regional states (Bundeslaender) have declared they they will support companies by taking on the payment of interest on the loans and some banks have announced they will keep interest rates low (at 1%). The administrative application has been simplified via an online form.

For companies which were already holding loans from the OHT bank (so called 'TOP-tourism-loans'), the repayment of the outstanding capital can be stopped during 2020 upon application.

Use of measure

Since 11 March 2020 (until 31 March), 4,000 requests for support were received and by 26 March, more than 150 bank guarantees, with a volume of €32.5 million had been drafted.

Actors, target groups and funding

| Actors | Target groups | Funding |
|---|--|----------------|
| National government Public support service providers | Sector specific set of companies SMEs | National funds |

Social partners

| | |
