Factsheet for case SK-2020-11/284

Production of personal sanitary protective masks.

Factsheet generated on 23 April 2020, 12:18

Country	Slovakia, applies locally – SK0 SLOVENSKO – SK02 Západné Slovensko – SK022 Trenčiansky kraj
Time period	Temporary, 13 March 2020 - 31 May 2020
Type	Legislation or other statutory regulation
Category	Measures to prevent social hardship – Access to healthcare
Case created	05 April 2020 (updated 18 April 2020)

Background Information

The reason was a serious lack of personal sanitary protective masks in the country. The government, on its meetings on 11 and 15 March decided to increase the stock of the COVID -19 concerned sanitary protective materials in Slovakia. In relation to implementation of the decision, the government appreciated the initiative of a private textile company to switch its production, and produce missing sanitary protective masks for the government with dispatch.

Content of measure

As there was a lack of personal protective sanitary masks, a private company Zornica Banco Fashion in Banovce nad Bebravou was the first company, which came with the initiative to stop the production of fashion textile, mainly shirts, for the open market and replace it by the production of personal sanitary protective masks for the use in Slovakia, preferably for the government. According to the available information, by changing the production, the company also responded to the expected decline of demands of its usual customers. The competent government body Správa statných hmotných rezerv Slovenskej republiky concluded a temporary contract with the company for urgent production of sanitary masks.

Use of measure

About 140 workers are engaged in the fulfilment of the contract. The Company responded quickly and delivered the first 20,000 personal masks on 17 March 2020. According to the contract, the Company will deliver about 650,000 sanitary masks in total. The most of them will be delivered to the government body Správa statnych hmotnych rezerv Slovenskej republiky.

Actors, target groups and funding

Actors	Target groups	Funding
