### Content of measure

Leave for family reasons can only be taken if no other childcare options are available. If necessary, parents may alternate their leave for family reasons. In this case, each parent must send in a separate form to their employer as well as to the children's future fund. The measure is limited in time, that will not affect the balance of the regular for family reasons and is treated separately from the regular balance of leave for family reasons until the end of the suspension period for all school and childcare facility activities.

Following conditions must be fulfilled:

One of the parents (employed, in a non-salaried activity, self-employed) who is affiliated to the Luxembourg social security scheme of one or more children under 13 years of age on condition that they are schooled and are concerned by the temporary closures of teaching structures in primary and secondary education, vocational training, childcare. If another member of the household can provide for the care, e.g. because said person is benefiting from short-time work during the period of leave for family reasons applied for, then the parent of the child cannot benefit from leave for family reasons. Moreover, both parents (or spouse) cannot take leave for family reasons at the same time.

These limitations do not apply in the case of telework that remains work performed from home and during which the parent cannot provide care for the child.
