Background information

Protection is extended to energy and water supplies, guaranteeing the essential public services for vulnerable families. As a novelty, the services of telecommunications are also guaranteed. This means that over the duration of this measure, those who can't afford to pay the bills of these essential services can't be interrupted. The objective of this measure is to protect those families / persons at risk of exclusion or in a vulnerable position.

Content of measure

There is no quantification of the support provided.

During the month following the entry into force of this royal decree-law, suppliers of electric energy, natural gas and water may not suspend supply to those consumers in which the condition of vulnerable, severe vulnerable consumer or at risk of exclusion occurs, as defined in articles 3 and 4 of Royal Decree 897/2017, of October 6, which regulates the figure of the vulnerable consumer, the social bonus and other protection measures for domestic consumers.

The validity of the social bond is automatically extended until September 15, 2020 for those beneficiaries of the bond that expires before that date, the period provided for in article 9.2 of Royal Decree 897/2017, of 6 October.
